Thanks Sarah. Are we all caught up on the name change issues?

Karyllan,

This information is sufficient. I think the language for the caption is what was intended in the first place, but now it is clearer.

Thanks!

Sarah

Hi Sarah -

Here's information related to Quala Systems. Please let me know if this is sufficient.

Karyllan

Karyllan -

I have attached excerpts from Quality Carriers, Inc's and Quala System's Answer to the third party complaint in NJDEP v. Occidental Chemical Corp, et. al. v. 3M Company, which admits that Quality Carriers, Inc. operated a trucking terminal and tank truck washing facility at the Chemical Leaman Site from approximately 1970 and that from January 1, 1993 Quala Systems, Inc. operated a tank truck washing facility on the Chemical Leaman Site. The Chemical Leaman site is located at 80 Doremus Avenue in Newark and is the subject of EPA's General Notice Letter for the LPRSA. EPA has alleged that Quality Carriers, Inc. is the successor of Chemical Leaman Tank Lines, Inc. and Quality Carriers, Inc. does not dispute that allegation.

Quality Carriers, Inc. and Quala Systems, Inc. are corporate affiliates and are both indirect subsidiaries of Quality Distribution, Inc.

Alternatively, the caption of the current AOC could be changed as follows:

Original -- Quality Carriers, Inc. as successor to Chemical Leaman Tank Lines, Inc., its affiliates and parents;

Proposed Revision: Quality Carriers, Inc. as successor to Chemical Leaman Tank Lines, Inc. and Quality Carriers, Inc.'s corporate affiliates and parents.

Please let me know what additional information EPA may need.

Thank you,

Bonni
